Mark III Stripe Kit Install Instructions

NOTE: You have a choice of F-150 Hood Decals available with this kit. The original Mark III Kit had **SOLID F-150** lettering decals on the hood. You have option of using the **Darker Outline color OR the Lighter Inside Color** as well as **SOLID letters OR OUTLINED**. This means you will be left with six (6) extra F-150 decals after you have installed the 2 matching F-150 Decals onto the hood. The customer for this red truck chose to match the darker outline color and chose to use the outlined hollow F-150 decals for his truck.
